Seagreen Offshore Wind Farm – Maintenance of Acoustic Monitoring Devices Revision 1

Contact Details for Marine Coordination and Fisheries Liaison

The following contact can provide more information if required:

Telephone Number, 24/7	+44 (0) 333 344 5255
Duty Marine Coordinator	seagreenmarinecoordination@sse.com
Address	Seagreen Wind Energy Ltd, Inchbraoch House Montrose Port Authority, South Quay Ferryden, Montrose, Angus DD10 9SL.

Fisheries liaison is coordinated by Brown and May Marine Ltd. For all fisheries enquiries, John Watt is primary contact:

Telephone Number	+44 (0) 1379872144
Mobile number	+44 (0) 7590 880746
Email	John.Watt@Brownmay.com
Address	Brown and May Marine Progress Way Mid Suffolk Business Park Eye, Suffolk IP23 7HU

1. Area of Planned Activity.

Maintenance works will be undertaken on the five acoustic monitoring devices located in and around the Seagreen Offshore Wind Farm site, as laid coordinates are below in table 1 and shown in Fig 1.

ID	Latitude (DDM WGS 84)	Longitude (DDM WGS 84)
Seagreen 01	56° 45.735' N	2° 21.294' W
Seagreen 02	56° 42.959' N	2° 10.972' W
Seagreen 03	56° 39.675' N	2° 00.557' W
Seagreen 04	56° 36.600' N	1° 50.160' W
Seagreen 05	56° 33.378' N	1° 41.623' W

2. Activity Description.

Mariners are advised that maintenance works on the five seabed acoustic monitoring devices in an around the boundaries of the Seagreen Offshore Wind Farm will be undertaken.

The Marine Scotland Science vessel Alba na Mara will arrive in the Seagreen area this evening 14th Of March. Alba na Mara plans to service the 3 monitors outside the site boundary today, the 2 monitors inside the boundary will be serviced tomorrow, 15th March.

These acoustic monitoring devices collect real-time noise measurements for a period of 36 months. The devices will be inspected and maintained at least every four months.

3. Vessel associated with this activity.

Research Vessel – Alba Na Mara	
General Description and Dimensions:	Survey vessel. 27m LOA x 9m beam.
Call Sign:	2A1E4
MMSI:	235059857
Onshore representative	Jack Lucas – Marine Scotland – 07792 558271.

NOTICE TO MARINERS

4. Safety Zones

Following consideration by Scottish government ministers it has been agreed that during the construction phases of the Seagreen development mandatory rolling 500m safety zones will be established around each Wind Turbine Generator and/or their foundations whilst construction works are in progress, as indicated by the presence of a construction vessel. The safety zones will be triggered whenever a vessel is on station at a WTG and undertaking construction activities.

In addition, mandatory pre commissioning 50m safety zones will be established around each Wind Turbine Generator and/or their foundations when construction works have been completed but prior to Wind Farm commissioning or where construction works have only been partially completed. These safety zones will be active at any structure during the construction phase where a construction vessel is not present at a Wind Turbine Generator.

MARINERS ARE REMINDED to navigate with caution and keep continued watch on VHF Ch.70/16 when navigating the area.

5. Distribution List

A central list of recipients is maintained by the Marine Coordinator; if you are not the appropriate recipient of these notices, or do not wish to receive the notices in the future, please contact us at the address included in Section 1 of this notice.
