

NOTICE TO MARINERS

Notice of construction activities on Seagreen Offshore Wind Farm

Date of Issue	03/08/2022	Notice Number	14/2022 Rev 2
---------------	------------	---------------	---------------

Seagreen Offshore Wind Farm – Wave Data Buoy Installation Revision 2

Contact Details for Marine Coordination and Fisheries Liaison

The following contact can provide more information if required:

Telephone Number, 24/7	+44 (0) 333 344 5255
Duty Marine Coordinator	seagreenmarinecoordination@sse.com
Address	Seagreen Wind Energy Ltd, Windy Waves House, Montrose Port Authority, South Quay Ferryden, Montrose, Angus DD10 9SL.

Fisheries liaison is coordinated by Brown and May Marine Ltd. For all fisheries enquiries, John Watt is primary contact:

Telephone Number	+44 (0) 1379872144
Mobile number	+44 (0) 7590 880746
Email	John.Watt@Brownmay.com
Address	Brown and May Marine Progress Way Mid Suffolk Business Park Eye, Suffolk IP23 7HU

1. Area of planned activity.

A wave data buoy has been installed to assist foundation installation activity within the Seagreen offshore wind farm site. As laid coordinates of the buoy are shown below in table1.

Wave Data Buoy Characteristics	Latitude (DDM WGS 84)	Longitude (DDM WGS 84)
Fl(5)Y.20s 4M	56° 32.058' N	1° 43.441' W

Table 1 – Buoy coordinates & characteristics.

NOTICE TO MARINERS

2. Vessels involved in this activity.

Vessel – Saipem 7000 – Heavy Lift Vessel	Contact Details	
	Call Sign	C6NO5
	MMSI	309461000
	Vessel Details	
	Length	129.9m
	Beam	87.0m
	Draft	11.1m
	All Vessel Contact	George Cooper- Seaway 7 07545 642881

3. General Safety Advice

Mariners are reminded to navigate with caution and keep a continuous watch on VHF Ch 70/16 when navigating in and around the Seagreen area.

All vessels involved in construction activities will exhibit appropriate lights and day-time shapes prescribed by the International Regulations for Preventing Collisions at Sea, relative to operations. The vessel will also transmit an Automatic Identification System (AIS) message.

4. Safety Zones

Following consideration by Scottish government ministers it has been agreed that during the construction phases of the Seagreen development mandatory rolling 500m safety zones will be established around each Wind Turbine Generator and/or their foundations whilst construction works are in progress, as indicated by the presence of a construction vessel. The safety zones will be triggered whenever a vessel is on station at a WTG and undertaking construction activities.

In addition, mandatory pre commissioning 50m safety zones will be established around each Wind Turbine Generator and/or their foundations when construction works have been completed but prior to Wind Farm commissioning or where construction works have only been partially completed. These safety zones will be active at any structure during the construction phase where a construction vessel is not present at a Wind Turbine Generator.

5. Distribution List

A central list of recipients is maintained by the Marine Coordinator; if you are not the appropriate recipient of these notices, or do not wish to receive the notices in the future, please contact us at the address shown in this notice.
