Sub-station platform	Latitude (DDM WGS 84)	Longitude (DDM WGS 84)
	56° 35.094' N	1° 45.537' W

Table 1 – Sub-station platform coordinates

2. Activity Description.

On behalf of Seagreen Wind Energy Ltd, Petrofac will commission the Seagreen offshore sub-station platform.

The Jack Up Barge Borr Ran will depart the Seagreen site on the 9th of July. The Borr Ran will be assisted in departing the site by three tugs, details below.

3. Vessel associated with this activity.

Vessel – Jack Up Barge Ran		
	Call Sign	D5DC3
	MMSI	6360154838
	Vessel Details	
	Length	74.5m
	Beam	83.5m
	Vessel Contact	ram.iejaraman@petrofac.com

NOTICE TO MARINERS

Vessel – Assister -Anchor Handling Tug		
	Call Sign	OYUJ2
	MMSI	219699000
	Vessel Details	
	Length	90.3m
	Beam	23.0m
	Draft	6.7m
	Vessel Contact	ram.iejaraman@petrofac.com

Vessel – Bugsier 2 - Tug		
	Call Sign	DDBC2
	MMSI	211876000
	Vessel Details	
	Length	32.8m
	Beam	11.8m
	Draft	6.5m
	Vessel Contact	ram.iejaraman@petrofac.com

Vessel – Multratug 19 - Tug		
	Call Sign	PCHZ
	MMSI	245875000
	Vessel Details	
	Length	32.7m
	Beam	12.8m
	Draft	5.8m
	Vessel Contact	ram.iejaraman@petrofac.com

4. General Safety Advice

All vessels involved in construction activities will exhibit appropriate lights and day-time shapes prescribed by the International Regulations for Preventing Collisions at Sea, relative to operations. The vessel will also transmit an Automatic Identification System (AIS) message.

NOTICE TO MARINERS

4.1 Safety Zones

Following consideration by Scottish government ministers it has been agreed that during the construction phases of the Seagreen development mandatory rolling 500m safety zones will be established around each Wind Turbine Generator and/or their foundations whilst construction works are in progress, as indicated by the presence of a construction vessel. The safety zones will be triggered whenever a vessel is on station at a WTG and undertaking construction activities.

In addition, mandatory pre commissioning 50m safety zones will be established around each Wind Turbine Generator and/or their foundations when construction works have been completed but prior to Wind Farm commissioning or where construction works have only been partially completed. These safety zones will be active at any structure during the construction phase where a construction vessel is not present at a Wind Turbine Generator.

MARINERS ARE REMINDED to navigate with caution and keep continued watch on VHF Ch.70/16 when navigating the area.

5. Distribution List

A central list of recipients is maintained by the Marine Coordinator; if you are not the appropriate recipient of these notices, or do not wish to receive the notices in the future, please contact us at the address shown in this notice.
