

NOTICE TO MARINERS

Notice of works associated with construction activities on Seagreen Offshore Wind Farm

Date of Issue	17/05/2022	Notice Number	07/2022 Revision 1
---------------	------------	---------------	--------------------

Seagreen Offshore Wind Farm – Site demarcation buoy repairs.

Contact Details for Marine Coordination and Fisheries Liaison

The following contact can provide more information if required:

Telephone Number, 24/7	+44 (0) 333 344 5255
Duty Marine Coordinator	seagreenmarinecoordination@sse.com
Address	Seagreen Wind Energy Ltd, Inchbraoch House Montrose Port Authority, South Quay Ferryden, Montrose, Angus DD10 9SL.

Fisheries liaison is coordinated by Brown and May Marine Ltd. For all fisheries enquiries, John Watt is primary contact:

Telephone Number	+44 (0) 1379872144
Mobile number	+44 (0) 7590 880746
Email	John.Watt@Brownmay.com
Address	Brown and May Marine Progress Way Mid Suffolk Business Park Eye, Suffolk IP23 7HU

1. Activity description and area of operations.

Mariners are advised that repairs have been completed on all four damaged site demarcation buoys on the boundary of the Seagreen Offshore.

All Seagreen site demarcation buoyage is now fully operational as per table 1 and fig 1 below.

ID	Latitude (DDM WGS 84)	Longitude (DDM WGS 84)
North Cardinal Mark 1 - AIS	56° 40.578' N	1° 56.746' W
North Cardinal Mark 2	56° 40.710' N	1° 38.857' W
East Cardinal Mark 1 - AIS	56° 38.616' N	1° 33.305' W
East Cardinal Mark 2 - AIS	56° 31.848' N	1° 29.282' W
South Cardinal Mark - AIS	56° 30.798' N	1° 56.137' W
Special Mark 1	56° 40.632' N	1° 50.517' W

2. General Safety Advice

All vessels involved in construction activities will exhibit appropriate lights and day-time shapes prescribed by the International Regulations for Preventing Collisions at Sea, relative to operations. The vessel will also transmit an Automatic Identification System (AIS) message.

3. Safety Zones

Following consideration by Scottish government ministers it has been agreed that during the construction phases of the Seagreen development mandatory rolling 500m safety zones will be established around each Wind Turbine Generator and/or their foundations whilst construction works are in progress, as indicated by the presence of a construction vessel. The safety zones will be triggered whenever a vessel is on station at a WTG and undertaking construction activities.

In addition, mandatory pre commissioning 50m safety zones will be established around each Wind Turbine Generator and/or their foundations when construction works have been completed but prior to Wind Farm commissioning or where construction works have only been partially completed. These

NOTICE TO MARINERS

safety zones will be active at any structure during the construction phase where a construction vessel is not present at a Wind Turbine Generator.

MARINERS ARE REMINDED to navigate with caution and keep continued watch on VHF Ch.70/16 when navigating the area.

4. Distribution List

A central list of recipients is maintained by the Marine Coordinator; if you are not the appropriate recipient of these notices, or do not wish to receive the notices in the future, please contact us at the address shown in this notice.
