Document Reference Number	LF000009-MIP-MA-MAN-NOT-0001

Seagreen Offshore Windfarm Ltd.

Weekly Notice of Operations 05/2021

Issue Date – 1st February 2021.

Notice of operations on Seagreen Offshore Windfarm.

Work planned for the period 01-02-2021 to 07-02-2021.

Construction activities commenced on Seagreen Offshore Windfarm on Thursday 17th December with works at the export cable landfall site. This notice will be updated weekly giving information of the progress and resources involved in the construction of the windfarm. The intention is to give notice of the activities involved in the construction phase of the project. Should anyone have any questions regarding construction operations we kindly ask that you put them forward well in advance.

The Seagreen Offshore Windfarm is located in the outer Firth of Forth and Firth of Tay region of the North Sea. The site is situated approximately 17.5 nautical miles East-southeast of the Port of Montrose where the project Marine Coordination Centre will be located during the construction and operational phases. The first phase of the development will consist of 114 suction bucket foundation structures, with associated 114 10MW offshore wind turbine generators, 1 HVAC offshore substation platform, associated inter array and export cabling. The generated power will be transmitted to the National Grid via 3 subsea transmission cables making landfall at Carnoustie, Angus, to the Southwest of the development site. Grid connection will

be achieved at the Tealing onshore substation. The second phase of the project will consist of 36 piled foundation structures, with associated 36 Wind Turbine Generators, associated inter array and export cabling and one additional 1 HVAC offshore substation platform. The phase 2 transmission cable is proposed to make landfall at Cockenzie, East Lothian (subject to appropriate licensing).

The Seagreen development site and phase 1 export cable corridor is highlighted below in red.

Fig 1 – Seagreen offshore windfarm location and export cable corridor.

1. Contact details for Marine Coordination

The following contact can provide more information if required.

Telephone Number (Day Operations)	+44 (0) 7932 229828
Email for Marine Coordinator	seagreenmarinecoordination@sse.com
Address	Seagreen Wind Energy Ltd, 1 Waterloo Street Glasgow, G2 6AY

2. Ongoing Operations

2.1 Export Cable Landfall works.

Works continue at the export cable landfall site with the construction of a temporary piling platform, these works include the formation of an access ramp between the top of the beach revetment and the beach, installation of sheet piles at the toe and South side of the existing beach revetment and removal of rock armour around the periphery of the planned sheet pile area.

The landfall works area is shown below in Fig 2.

Fig 2 – Landfall works area located at Carnoustie Barry Golf Links.

3. Distribution List

A central list of recipients is maintained by Seagreen Marine Coordination, if you are not the appropriate recipient or do not wish to receive these notices please contact Marine Coordination as per the details in section 1 of this notice.
